"It appears that the goblins responsible for breeding the spiders had been slaughtered and without enough food supply in the forest, the spiders took to raiding the nearby farms. The few surviving goblins in the area bargain for their lives in exchange for a map to a great ancient treasure. After returning to the local farmers and doing a little research, it appears the map has merit and holds secrets to an ancient treasure horde. You will first need to pass through some old mines on the edge of the forest. After all who can resist a map to an ancient treasure!"
